CEFAM

CEFAM is a Franco-American Business institution of higher education. CEFAM is by definition international, welcoming dual degree-seeking students and short-term study abroad students from around the globe who hold the shared goal of internationalizing their higher education path. In addition to their time in the classroom, students participate in activities and visits, giving them a chance to feel at home in Lyon. Being a Business institution, CEFAM also offers professional development specifically for Study abroad students in order to undergo customized training on how the experience in Lyon has helped them develop professionally and personally.

French Civilization and Culture

CEFAM has the opportunity for French majors, minors, and Francophiles alike to study French language and civilization. From local literature to local flavors, students have the chance to explore Lyon in her native tongue. Being in Lyon puts CEFAM at an epicenter of French gastronomy, history, tourism, and commerce. This makes CEFAM a key location to study the French Language, Culture, and Business. We also recommend students in this program to choose the homestay option during their time in Lyon in order to make the most of this language acquisition opportunity.
